

Our Mission: help young adults from 16 to 35 years
(Whatever their economic situation and their status)

A multidisciplinary team is present to assist young adults to better know themselves, identify their passions, needs, competencies, values and interests. Friendly and dynamic professionals accompany and support them in their steps to carry out their occupational projects.

- **Employment research** (organization, tools, curriculum vitae ,interview simulations, employment suggestions, personal and technical support)
- **Career development** (understanding yourself and your abilities, orientation, school and professional information, loans and scholarships etc)
- **Employability development** (perseverance in school, life dynamics, Work attitudes and practices, preparation for employment , training courses in companies, etc)
- **Youth entrepreneurship awareness and promotion** (preparation, information and reference)
